SUCCESS STORIES ON CONVERGENCE OF VARIOUS SCHEMES UNDER R.D DEPARTMENT, E.LUNGDAR.

1. NAME OF WORK : Construction of Pachangzawl WRC Jeepable Road (NLUP Complex area).
2. LOCATION : Pachangzawl, Lungkawlh
3. YEAR OF SANCTIONED : 2013 - 2014
4. AMOUNT SANCTIONED : Rs. 2107224/-
5. IMPLEMENTING AGENCY: Village Employment Council

Jeep-able Road was constructed at Pachangzawl, Lungkawlh by the people of the Village throughout the year splitting the Total Amount Sanctioned into nine installments. Lungkawlh is a small Village and does not have proper link Road to nearby agricultural land. The Villagers constructed Jeep-able road through wages received from MGNREGA and is using these roads usefully for their livelihood.
Moreover the road construction was continued from Border Area Development Programme (2013-2014) Construction of Lungkawlh to Selesih Medium Truckable Road amounting to 15 lakh, which is an ongoing construction expected to connect a fertile agricultural land called Selesih next year i.e 2014-2015.
At Selesih around 20 families of the villagers are having paddy fields, vineyard etc and is situated adjacent to Pachangzawl. When this construction from BADP is completed it will be truly beneficial for the villagers. This road construction is a successful example of convergence between two government Schemes i.e BADP and MGNREGS executed by Rural Development Department. The road construction was visited and monitored on 11.07.14 by the Block Development officer with the stakeholders (villagers) and the villagers were satisfied with the newly constructed road and already utilized the road at this stage although it has not reach the target yet.
CONVERGENCE OF BADP AND MGNREGS:

E. LUNGDAR

The construction of E.Lungdar Community Hall was started in the year 2006 under BAPD and was completed in the year 2011 in convergence with Social Education, Department of Rural Development, Mizoram. The total cost of construction was about Rs 60 lakh. The foundation and the finishing of the building construction are first-rate and the building is well furnished with modernized Sound system; conceal light system and Hilux board (Calcium silicate board) for ceiling.

BEFORE CONSTRUCTION OF ROAD

AFTER CONSTRUCTION OF ROAD
1. NAME OF WORK: Construction of PCC Flooring near Thangburha Hall
2. LOCATION: E. Lungdar
3. YEAR OF SANCTIONED: 2013-2014 (MGNREGS)
4. AMOUNT SANCTIONED: Rs. 265000/
5. MANDAYS GENERATED: 40 nos. of Skilled and 240 nos. of unskilled
6. DATE OF START: 19.05.2014
7. DATE OF COMPLETION: 10.06.2014
8. IMPLEMENTING AGENCY: TA, BDO
This hall is utilized for social gatherings, recreational activities, cultural activities etc, Village cultural functions, other official functions as the location is convenient for different localities to approach. Moreover, the place, being situated at the centre of the village, it is very convenient to organize public gatherings (Gram Sabha) for various government schemes viz IWMP, MGNREGS etc. However, the approach roads i.e from the southern side, eastern side and northern side were kutcha roads and it used to be very muddy and create difficulties for the villagers and officials utilizing the hall. Hence, PCC flooring construction of the approach road was proposed and constructed from MGNREGS to resolve the problem encountered by the villagers.

The Villagers are also very glad to have witnessed the successful convergence of various rural developmental schemes undertaken by Rural Development Department.
CONVERGENCE OF BADP AND MGNREGS

Rural Development Guest House and Multipurpose conference centre were constructed under BADP in the year 2002-2003 and 2007-2008 respectively from Border area Development programme (BADP) and is useful for travelers and officials on office duty, the multipurpose conference hall situated adjacent to the Guest house also serves as public place for gathering, conduct of trainings /meetings on various RD Schemes like Border Area Development Programme, Mahatma Gandhi rural Employment Guarantee Schemes(MGNREGS), Integrated watershed Management Programme (IWMP), National Rural Livelihood Mission (NRLM) and other important functions, However the approach road was muddy and was only Kutch road despite its importance for the villagers, Therefore, being so much important, the PCC flooring construction of the road was undertaken from MGNREGS.
1. NAME OF WORK: Construction of PCC Flooring between RD Guest House and BDO Office
